

USA UNIVERSITIES

Adams State College recognizes the IB program and accords special consideration for students presenting IB credentials on an individual basis. To receive college credit, students who take the higher level IB examination(s) must request that their scores be sent to Adams State College. Upon receipt of the scores, an evaluation for credit will be performed. Students will be notified by mail of the results of that evaluation. Scores of 4 or better on the higher level IB examinations will receive 3 or more credits for each examination.

Email

ascadmit@adams.edu

Adelphi University will award advanced standing credit to students who achieve 4 or better on higher level examinations. Credits will be determined on an individual basis based upon the examination scores. Adelphi recognizes the challenges and rigor of the IB curriculum and welcomes students who have participated in this program.

Email

kelly4@adelphi.edu

Agnes Scott University

Credit toward the Agnes Scott degree may be given for scores of 5, 6 or 7 on the higher level examinations only.

Scores must be submitted to academic advising for evaluation of any higher level IB exam not listed.

Email

sbalmer@agnesscott.edu
admission@agnesscott.edu

Albany College of Pharmacy recognizes the International Baccalaureate Diploma Program (IB) and grants up to six course credits for superior performance on the Higher Level examinations, provided that the exams cover fields of study represented by the College's academic offerings. Students who have completed the IB curriculum ordinarily will be granted, on matriculation at ACP, one course credit for each score of 6 or 7 on the Higher Level examinations. These credits may be used to reduce the number of courses required for graduation, but normally may not be used to satisfy any other degree requirement.

Email

admissions@acp.edu

Albion College recognizes the strength and diversity of the IB program. Students will receive one unit (4 semester hours) of credit for higher level passes with a score of 5 or more. Scores of 4 would be evaluated on a case-by-case basis. Normally, no more than 4 units (16 hours) of credit from this program will be awarded to an individual. Students need to contact faculty for further information.

Email

dhawsey@albion.edu

Albright College: Eight course units of credit are available for holders of an International Baccalaureate (IB) diploma with superior performance (scores of five or higher) on at least three higher level exams. Individual course credit is available for scores of five or higher on single higher level IB course exams.

Email

albright@alb.edu

Allegheny College, academic credit and advanced placement for IB courses is awarded at the discretion of each academic department. Students who have completed a higher level course and scored a 5 or better on the examination are eligible for review of their work with the appropriate department chairperson for consideration. Credit and placement awarded are based upon the quality of work and material covered within each individual course. A maximum of 20 credits can be earned.

Email

jandrack@allegheny.edu

Alma College awards 32 credits to students who earn the International Baccalaureate Diploma. Alternatively, the College awards credit for individual exams taken at the Higher Level (HL) with a score of "5" or above.

Email

admissions@alma.edu

Alvin Community College The International Baccalaureate Diploma Program is a pre-college course of study for secondary school students. The IB program leads to examinations that provide documentation of achievement that qualifies a student for advanced standing. Students who successfully complete the IB Diploma Program will receive 24 semester credit hours of college credit, if certain score levels are met. The student must request that the IB office send official scores to the Alvin Community College Registrar's Office. The credit is not posted automatically, therefore, the student must request that the scores be evaluated for credit by completing the Credit by Examination Form at the Registrar's Office.

:Students will not be charged for this evaluation of credit. After the evaluation, IB credit will be posted to the student's transcript as credit by examination depicting the course articulated and an S (satisfactory) grade. Credit awarded by another college or university for the IB coursework is not considered transferable without an official report. The courses and the examination scores used as the basis for credit are listed in the college catalog.

Email

imontoya@alvincollege.edu

American River College may award college credit for international baccalaureate (IB) higher level course completion with scores of 5, 6, or 7, if the course work is compatible with ARC's curriculum. Credit may only be granted upon evaluation and approval by individual academic departments in which the course exists. No credit will be granted for standard level course work completed in the IB program.

Email

recadmis@arc.losrios.edu

Babson College awards credit for select higher level IB examinations with scores of 5, 6 or 7. The college will use its discretion in deciding how to appropriately award the credit.

Email

academicservices@babson.edu

Barclay College' stated policy is to accept IB Credits that are ranked at 5 or higher.

Email

registrar@barclaycollege.edu

Baylor University recognizes the IB examinations and includes them in the Baylor Credit by Examination (CBE) Program. The CBE Program is designed to assist students in the areas of personal enrichment, academic acceleration, and tuition aid. IB examinations in Biology, Chemistry, Computer Science, Economics, English A, French, German, History, Mathematics, Music, Philosophy, Physics, Psychology, and Spanish qualify for the CBE Program. Other examinations will be evaluated on a course-by-course basis, following a review by the appropriate academic department. For a complete listing of examinations, minimum score requirements and equivalent

Jana_Marak@baylor.edu

Bentley College: awards up to 6 credits (2 classes) for most IB exams taken at the higher level in which a score of 5 or better is achieved. While Bentley does not offer scholarships based solely on IB scores, academic scholarships are available to both international and domestic applicants based on secondary/high school academic achievement and test scores.

Email

ugadmission@bentley.edu

Birmingham –Southern College: A student may earn credit through the International Baccalaureate (IB) Program. IB scores accepted by the College may be applied toward general education requirements (except English, history, and economics) and major or minor requirements. For each IB score accepted, a grade of "IB" is entered on a student's transcript along with the Birmingham-Southern College course(s) for which he or she is given credit. For a table of IB scores and course credits, see below. (All scores are for the higher level exams unless otherwise noted.)

California Tech A number of high schools and preparatory schools offer selected students the opportunity to accelerate and to take in the senior year one or more subjects which are taught at the college level and cover the material of a college course. Caltech encourages students to take advantage of such courses or to supplement high school courses with mathematics and science courses at a local college. Credit for such work completed will be granted as appropriate by Caltech faculty at the time the student enrolls. Credit is not awarded automatically for AP's, IB, or for college courses completed. The goal of our placement efforts is to assure that students are placed at a level suited to their abilities and backgrounds.

Email

ugadmissions@caltech.edu

California Polytechnic State University recognizes the IB college preparation program. Credit may be granted for courses at the higher level with scores of 5 or higher for 8 quarter units of elective credit. Students are required to submit an IB transcript to receive credit

Email

records@calpoly.edu

California State Polytechnic University recognizes the IB and may award special consideration for students presenting IB credentials on an individual basis.

California State University - Bakersfield recognizes the high scholastic quality of the International Baccalaureate (IB) program. High school students holding the IB diploma (not certificate) are eligible for admission and will receive 5 quarter units of General Education credit for each higher level examination passed with a minimum score of 4.0. Application of credit to a major or minor is at departmental discretion.

Applicants who plan to enroll at CSUB should submit a copy of their official IB transcript to the Office of Admissions for evaluation. The courses credited will be displayed on the Transfer Evaluation. Questions about IB credit should be directed to the Dean of Undergraduate Studies (EDUC 242, 654-3420).

California State University, Chico recognizes the International Baccalaureate as a strong college preparatory program. Applicants currently enrolled in a full IB diploma program will be considered to have met or have in progress all college preparatory

subject requirements for admission. Students completing less than the full IB diploma program must meet subject requirements as described in Subject Requirements for First-time Freshman. Additional factors to be considered in reaching our admissions decision will be the high school GPA and ACT or SAT I results. Additional honors points will be awarded in GPA calculations for achievement in up to eight IB courses taken in grades 11 and 12 and indicated on the high school transcript.

Applicants who plan to enroll at Chico should submit a copy of the official IB transcript when it is available in July. Six semester units of advanced standing credit will be awarded for each Higher Level examination passed with a score of 4, 5, 6, or 7. No credit will be awarded for standard level passes.

Email

chicoadviser@csuchico.edu

California State University, Dominguez Hills recognizes the high scholastic quality of the IB Diploma Program. High school graduates who have participated in the program are encouraged to apply for admission. The IB is recognized as an outstanding college preparatory program and applicants should submit a copy of the official IB transcript for evaluation. Special consideration will be given for students presenting IB credentials on an individual basis.

Email

admissions@csudh.edu

California State University - Fresno To receive credit for IB examination results, students must file an official IB Transcript of Grades with the California State University - Fresno Admission Office (International Student Services for international students). Students will receive credit for higher level examinations passed with a minimum score of 4 without regard to the date of examination. Based on recommendations from the appropriate CSU- Fresno department a minimum of six and a maximum of ten semester units will be granted for each examination according to the unit value of the corresponding CSU- Fresno course(s). If the department recommends elective credit only, six units of credit will be awarded. Policies and procedures are in accordance with the CSE Executive Order 365 for the IB and subject to the 30-unit Credit By Exam (CBE) limit. IB credit will be entered on the CSU- Fresno record as transfer credit in the same manner as General Certificate of Education (GCE) Advanced level credit.

Email

beverly_kirkland@csufresno.edu

California State University - Fullerton recognizes the scholastic quality of the IB Diploma Program. High school graduates who have participated in the program are encouraged to apply for admission. Advanced placement and/or university credit may be awarded at the discretion of individual departments.

Colby College

A Colby student may petition for up to a year of course credit for having completed the full IB Diploma with a point total of 36 or higher and with all exam scores of 5 or better. For students who do not earn a point total of 36 or higher, six units of credit may be earned for each score of 6 or 7 on individual higher level exams in different subject areas.

Email

registrar@colby.edu

Web

<http://www.colby.edu>

Colgate University

Colgate University welcomes applications from students who have followed the IB curriculum, whether for the diploma or for individual certificates. Students wishing to submit requests for college credit because of prior achievement in the IB, may do so for those courses taken through the Higher Level. Courses taken through the Standard Level are not granted Colgate course credit. However, requests for advanced placement because of prior work on the Standard Level examinations will be evaluated by the Office of the Registrar. It should be noted that Colgate considers each course as an individual request; possession of the IB Diploma will not automatically earn credit for all courses taken. Higher Level IB courses in which a grade of 6 or better has been earned will be considered for equivalent credit.

<http://www.colgate.edu>

Colorado College

Colorado College recognizes the rigor of the IB Diploma Program. Students participating in the IB curriculum are to be commended for choosing a program of study that is more challenging and demanding than the average load taken in traditional high schools. Based upon the strength of the IB Diploma Program, Colorado College is pleased to award advanced standing credit to Diploma holders. Students without a Diploma will still be considered for college credit based on official examination results in individual courses. Credit is awarded as follows: two units of credit for a higher level course with a score of 5 or better; one unit of credit for a higher level course with a score of 4; one unit of credit for a standard level course with a score of 5 or better. (One unit of credit or one "block" at Colorado College is equivalent to 4 semester hours.) No more than 8 Colorado College units will be accepted. Credit toward the major is allowed at the discretion of the department.

Drexel University

Drexel University recognizes the advanced level of academic preparation offered by the IB and grants advanced standing and/or credit in various fields for scores on the higher level examinations. Advanced standing and/or the number of credits awarded will be determined by the appropriate University division. Official IB transcripts should be forwarded to the International Admissions Office.

Email

enroll@drexel.edu

Web

<http://www.drexel.edu>

Duke University

Placement and credit are available for IB higher level examinations with scores of 6 and 7. Students must obtain course equivalency recommendations from the relevant departments. Course work from the classes taken in preparation for the exams may be helpful in demonstrating what was covered. Students may, depending upon the departmental recommendation, receive up to 2 course credits per exam. There is no limit in the amount of course credits that can be obtained by IB examinations as college policy, except in those departments which place a limit on AP course credits as departmental policy. Physics students must, in addition, take a qualifying examination for credit in physics. Awarded credit counts towards graduation and

may, upon approval, count towards major requirements, but does not count towards the fulfillment of Area-of-Knowledge curriculum requirements. The Registrar's Office will award credit to enrolled students once it has received an official copy of the IB transcript plus the required departmental recommendations.

<http://www.gettysburg.edu>

Gordon College

Higher Level International Baccalaureate Diploma Programme exams with scores of 5 or better will be considered for college credit upon receipt of the official certificate/diploma transcript; specific course credit allocation will be determined by the academic department involved.

Email

admissions@gordon.edu

Web

<http://www.gordon.edu>

Goucher College

In addition to recognizing the rigor of the IB curriculum in the admissions review process, Goucher will grant credit for examination scores of at least 5 or better in higher-level subject areas. Enrolling students will be placed in courses at the discretion of each department. Completion of a full IB curriculum may result in sophomore standing.

Email

admissions@goucher.edu

Web

<http://www.goucher.edu>

Grinnell College

Students who receive the minimum score for an exam will receive four semester credits toward their degree. Grinnell only awards credit from a score report form received directly from The College Board for Advanced Placement (AP) or an official transcript received directly from International Baccalaureate (IB). It is the students responsibility to know that IB credits will be cancelled upon successful completion (D grade or better) of any equivalent Grinnell course as noted in the credit chart at the link above. All credits are divisional and not included in departmental credit limitations. Questions concerning placement should be directed to members of the appropriate department. Exam names apply to both AP and IB unless otherwise noted.

Hampshire College

The First-Year program at Hampshire requires students to take one 100-level course in each of our five interdisciplinary schools (Cognitive Science; Humanities, Arts and Cultural Studies; Interdisciplinary Arts; Natural Science and Social Science), and any three additional courses in the first year of study. Students who present IB higher level examination scores of 5,6 or 7 may use 200-level courses to fulfill the first-year distribution requirement in the relevant schools. Official exam results must be sent directly to the admissions office.

Email

admissions@hampshire.edu

Web

<http://www.hampshire.edu>

Harvard University

Students who have earned the International Baccalaureate (IB) diploma with a grade of 7 on at least three Higher Level examinations may qualify for Advanced Standing. Students wishing to use IB exams for Advanced Standing should request that the IB office (212-696-4464) send an official IB transcript directly to Harvard.

Credit toward the bachelor's degree for new students not admitted as transfer students is offered only on the basis of AP or IB examinations (or other reviewed international credentials). The College does not grant credit toward a Harvard degree for courses taken at other universities prior to matriculation. Therefore, students wishing to be eligible for Advanced Standing are advised to sit for the AP examinations in fields they have already studied, whether or not they participated in a formal AP course in secondary school. Students may learn about AP examinations by writing to the Program Director, College Board Advanced Placement Examinations, Box 977, Princeton, New Jersey 08540.

James Madison University

JMU recognizes the International Baccalaureate diploma and individual IB courses by awarding credit on IB Higher Level examinations. Typically, credit hours will be awarded for each Higher Level examination on which a score of five, six or seven has been earned. Some Standard Level examinations will also be considered for credit. The university encourages the completion of the IB diploma and will give special consideration for admission to students who have completed the IB program. The grading scale is from one to seven with seven being the highest score.

Massachusetts Institute of Technology

Only exams taken at the IB Higher Level (HL) are recognized. See below for information on receiving credit in specific areas.

Biology: No credit is given for IB examinations in Biology. To receive credit for 12 units of 7.01x, Introductory Biology, you must pass MIT's Biology Advanced Standing Examination administered during Orientation.

Chemistry: No credit is given for IB examinations in chemistry. To receive credit for 12 units of 5.111, Principles of Chemical Science, you must pass MIT's Advanced Placement (Advanced Standing) exam administered during Orientation.

Computer Science: No credit will be awarded for the IB Computer Science exam.

Mathematics: For a score of a 6 or 7, credit will be given for 12 units of subject 18.01, Calculus I, and students may begin immediately with subject 18.02 and variants (Calculus II). For scores lower than 6, no credit is awarded.

Physics: For a score of a 7, credit will be given for 12 units of subject 8.01, Physics I and students may begin immediately with subject 8.02 or 8.022 (Physics II).

Humanities, Arts and Social Sciences: On applicable exams, for a score of a 7, credit will be given for 9 general elective units. Note that credit earned from humanities-related IB exams does not satisfy any part of the HASS Requirement. For scores lower than 7, no credit is given.

Miami University

Miami awards credit for selected IB Higher Level examination subjects passed at a satisfactory level (minimum scores vary 5 to 7 by subject area). Standard levels are not awarded credit. Departments make the final determinations on credit.

Anthropology (acceptable score 5 or better): Credit determined by department.

Chemistry (acceptable score 5 or better): Credit for CHM 141, 142 (6 hours) and CHM 144, 145 (4 hours).

Economics (acceptable score 5 or better): Credit for ECO 201 and 202 (6 hours).

English (acceptable score 6 or 7): Credit for ENG 111 and 112 (6 hours).

French (acceptable score 5 or better): Credit for FRE 101 and 102 (8 hours).

Geography (acceptable score 5 or better): Credit for GEO 121 and 201 (7 hours).

History Credit for HST 296 (3 hours) for score of 5 or better. Credit awarded on an individual basis for selected upper-level courses for score of 6 or 7.

Latin (acceptable score 6 to 7): Credit determined by department.

Mathematics (acceptable score 6 or 7): Credit for MTH 151 (5 hours).

Philosophy (acceptable score 6 to 7): Credit determined by department.

Physics (acceptable score 6 to 7): Credit for PHY 181, 182 (8 hours) and PHY 183, 184 (2 hours).

Psychology (acceptable score 5 or better): Credit for PSY 111 (4 hours).

Spanish (acceptable score 6 to 7): Credit for SPN 201 (3 hours).

Theatre Arts (acceptable score 5 or better): Credit for THE 131, THE 191, THE 200 (7 hours).

Biology (acceptable score 5 or better): Credit for ZOO 115, 116 (8 hours).

New York University

IB higher level examinations passed with grades of 5 or above may be accepted for credit and/or placement depending on the area of study and/or program requirements. Typically, 8 semester hours of credit (equivalent to two terms or one academic year of a specific subject) will be awarded for each higher level examination meeting the requirements of NYU.

Point Park University

An international student who has participated in the IB program may be eligible for transfer credit. A student holding a Diploma will be evaluated on a subject-by-subject

basis. Scores of 7 (highest) through 4 (passing) on the higher level tests will be awarded transfer credit. A student possessing a Certificate for each IB course and examination taken will also be considered for transfer credit when the scores are 4 through 7 (on the grading scale of 1 to 7). To be evaluated for transfer credit the student must present original transcripts of the subjects taken and the scores earned on the Diploma or the Certificate.

Princeton University

Princeton University recognizes the IB and uses examination results for advanced placement purposes only. A score of 6 or 7 on the higher level examinations is normally accorded advanced placement recognition.

You can use advanced placement in three ways:

1. to enter upper-level courses;
2. to fulfill the foreign language requirement;
3. to become eligible for graduation in three or three and one-half years (advanced standing).

A score of 7 on the IB (higher level) or a grade of A on the completed British A-levels is considered the equivalent of a score of 5 on the Advanced Placement test in most subjects; an IB score of 6 or an A-level score of B is generally considered equivalent to a score of 4 on the Advanced Placement test.

The International Baccalaureate in higher-level math will earn you two units of AP credit provided you have a score of 7; one unit of AP credit will be granted for a score of 6.

Rice University

Students who earn the International Baccalaureate (IB) diploma will receive credit for individual higher level exams for which they receive a score of 6 or 7. Students from high schools that offer IB courses but not the diploma will receive credit according to the same criteria. Rice does not give credit for standard level exams.

IB credit will be listed on your transcript as the equivalent Rice course, but a grade

value will not be assigned. Where applicable, credit will count toward your major and meet university distribution requirements.

Rhodes College

Rhodes College recognizes the IB academic program and welcomes for review the submission of IB examination scores. Course credit is normally granted for each higher level examination passed with a score of 5, 6 or 7. A score of 4 may qualify a student for advanced coursework, subject to review by the appropriate academic department. A maximum combined total of thirty two (32) credits may be earned through Advanced Placement and International Baccalaureate examinations.

Tufts University

Tufts recognizes the IB for admissions purposes, advanced placement, and individual course credit for a maximum of eight credits. With eight credits from the IB, students may graduate in six full-time semesters instead of the eight normally required. All IB work is subject to evaluation by the Dean of First Year Students in consultation with the various department heads. Typically, individual course credit is offered for higher level exams with scores of five through seven. No credit is given for standard level courses except for scores of six and seven on English and for scores of five or higher in foreign languages.

The University of Pennsylvania

The University of Pennsylvania recognizes the IB and appreciates the challenge which completing the Diploma program represents. The faculty at Penn support the

granting of advanced standing credit to students whose scores on higher level exams are 5 or higher. In general, the equivalent of one or two courses are issued for each acceptable examination result. Penn will also consider issuing credit for individual Certificates when the full Diploma is not obtained. Each evaluation is done on an individual basis upon receipt of the official IB transcript. Questions may be directed to the office indicated above; a detailed and annually updated IB policy sheet is also available.

<http://www.pitt.edu>

University of Rhode Island

URI awards credit for most higher level examinations taken in high school and passed with a score of 5, 6, or 7. Course credit is awarded at the discretion of individual departments. No credit is awarded for standard level examinations.

Email

dean@uri.edu

The University of South Carolina Beaufort

The University of South Carolina Beaufort recognizes the academic challenge inherent in the IB Program and encourages students who have completed the IB diploma to apply for admission. IB graduates who score well (4-7) on their Higher Level exams will be awarded college credit as determined by the academic departments. No credit is awarded for subjects passed at the Standard Level of IB, nor for IB Higher Level examination scores in the following areas: English A1, Biology, Business and Organization, Chemistry, Computing Studies, Economics, Foreign Languages, Geography, History, Mathematics, Music, Physics, Psychology, Social & Cultural Anthropology. To receive credit, the student must have the official examination results sent to the Office of Admissions, University of South Carolina Beaufort, 801 Carteret Street, Beaufort, SC 29902.

Web

<http://www.uscb.edu>

University of Southern California

USC believes that students who earn the IB diploma are well prepared for university studies. The IB courses are factored into the evaluation for admission, and the grade point average is adjusted to reflect the relative difficulty of this rigorous curriculum.

USC grants either (1) 20 units of credit to students who earn the International Baccalaureate Diploma with a score of 30 or higher or (2) 6 semester units of credit for each score of 5, 6 or 7 on the IB Higher Level exams, up to a maximum of four exams, whichever is higher. No credit is earned for the Standard Level exams. Advanced Placement (AP) credit can be earned in addition to IB credit for a maximum of 32 units. However, credit cannot be earned for IB exams on the same topic.

Transfer credit: Elective credit is awarded by the Articulation Office upon receipt of the official IB Certificate. Students should request the IB organization to send their transcript of grades directly to USC.

The following IB exams fulfill USC subject requirements, in addition to earning 6 units:

History: Europe

GE Category I: Cultures and Civilizations I

Biology, Chemistry, or
Physics

GE Category III: Scientific Principles

Economics

Equivalence to USC's ECON 203 and 205 (micro and
macro economics)

Virginia Tech

Virginia Tech recognizes the IB Diploma or individual IB courses by awarding advanced standing if the student scores at least a 4 (5 on mathematics) on the higher level examinations. The University encourages completion of the IB Diploma. The additional value of the complete IB Diploma is recognized in evaluating a student's record for admission and for advanced standing with credit. Students who have earned the IB Diploma may receive credit for one course for which the student

examined at the standard level. The maximum number of credits awarded for standard level courses is three semester credits (or four with lab). Up to 38 semester credit hours may be granted for those earning the IB Diploma and up to 30 semester credit hours for those without the IB Diploma. Credits granted for IB courses are shown as transfer hours on the student's grade reports and credits granted for IB courses are included in the hours completed toward a degree.

CANADIAN UNIVERSITIES

Alberta College

Students may receive advanced credit in approved higher level IB courses. A minimum grade of 5 is required.

Carleton University

Students applying on the basis of having completed the IB diploma must possess a minimum score of 28 credits. Applicants should have completed the diploma with six subjects: three higher level (HL) and three subsidiary level (SL). Students should also include the specific subject requirements for the program for which they are applying among their higher level and subsidiary level subjects. Usually we expect prerequisite courses to be at the higher level. Students with a minimum score of 28 may be given transfer credit for higher level courses with grades of 5 or better.

McGill University

The IB Diploma is considered a credential for admission. Grades of 5 or higher are expected in each subject. Credit is granted for higher level courses. The amount of credit which can be granted varies depending upon the particular subjects examined and the faculty or program which the student wishes to enter. An appropriate selection of three higher level subjects can allow for admission to the second year of a four year program in some faculties and schools. Students who do not complete the full Diploma but who achieve a grade of 5 or better in one or more higher level certificates can receive some credit, depending on the faculty/program the student is entering. When making the application to the University, students should arrange to have their official IB scores forwarded to the Admissions, Recruitment and Registrar's Office.

McMaster University

Applicants who have completed the International Baccalaureate Diploma will be considered for admission to Level I, provided the completed diploma program includes the subject requirements of the program desired. An overall minimum score of 28 must be achieved in order to be eligible for admission. Diploma points will be included in the overall score. Some programs require a higher score than the minimum for admission.

At the discretion of the Faculty, advanced credit of up to 18 units may be granted for completed Higher Level courses with a minimum final score of 6.

Queen's University

Full diploma candidates who achieve passes in six subjects with at least three at the Higher Level and who accumulate a grade total of 28 (exclusive of bonus points) are eligible for admission consideration to first year. Bonus points on TOK and EE will be considered when making the admission decision.

Students admitted to programs in the Faculty of Arts and Science, School of Business, School of Computing and the School of Nursing may be granted credits for Higher Level subjects completed with a grade of 5 or better. For the Engineering Program, a grade of 6 or better is required.

Credit may also be granted for certificate holders.

University of Alberta

The University of Alberta, recipient of more IB transcripts than any other university in Canada, recognizes the academic excellence of students enrolled in the IB Diploma Programme.

Admission for IB students is based on the higher of either the high school grade or the IB score. A grade conversion scale has been implemented for this purpose.

The University of Alberta grants advanced credit or advanced placement in a number of IB courses (higher or standard levels) with scores of 6 or 7. The extent to which advance standing is granted varies upon the degree programme to which the student is admitted. Students who are granted the IB Diploma, and obtain a combined score of zero or better on the Extended Essay and the Theory of Knowledge component, are granted advance credit for a 3-credit Junior Open Elective.

Each year, IB Diploma Scholarships are awarded on the basis of academic achievement to IB Diploma graduates who register at the University of Alberta. IB students are eligible for multiple scholarships, including Academic Excellence and Leadership awards. Amounts awarded can exceed \$15,000!

The University of Calgary

The University of Calgary values and recognizes the rigours of the full International Baccalaureate diploma program.

Admission to the University of Calgary is granted on a competitive basis. As an IB Diploma student, your eligibility for our recognition program requires that you satisfy

the admission criteria for your chosen program of study.. Early Admission (i.e., conditional admission) decisions will be based on anticipated results. Speak with your IB coordinator to ensure that appropriate interim results are submitted to the University of Calgary in a timely manner. The deadline for submission of results for Early Admission consideration is April 1. You must also ensure that your final IB results are submitted to the University of Calgary. These are required for us to consider you for Formal Admission and for us to confirm your eligibility for our IB recognition and benefits program. Please ensure that you make a formal request to IB to release your results to the University of Calgary.

Advanced Credit and Standing

All IB Diploma holders are granted the equivalent of one full year of advanced credit. This is one of the policies designed to recognize the already considerable accomplishments of IB students. The year of credit will take the form of a combination of specific equivalents to U of C courses and general non-specified course credit. Since students must still meet all degree requirements, the impact of the year of credit on your program will depend both on the degree program you choose and the courses covered in your IB Diploma. Your credit may allow you to take higher level courses in your first year and may reduce the number of courses you need to complete your degree. However, the way in which this advanced credit is applied varies by faculty and program.

University of Toronto

The University of Toronto fully recognizes the IB Diploma and welcomes applications from IB candidates. Students who have successfully completed the diploma are eligible for consideration for admission. Students with predicted scores of at least 29 may also be offered admission conditional upon the successful completion of the diploma. As the number of applications received for most programs exceeds the number of places available, students may be required to present high standing in the diploma in order to be competitive for admission. Candidates with very high standing in the diploma are eligible for automatic scholarship consideration.

Students admitted to an arts, science or business program at the University of Toronto will be given credit for higher level exams completed with a grade of at least 5. Students admitted to the Faculty of Applied Science and Engineering may receive credit for one term of Chemistry and/or Mathematics provided that a grade of 7 has been achieved at the higher level in that subject.

Those who plan to study business or sciences at university are advised to take SL Mathematics. Math Studies does not provide sufficient background for those who must complete Mathematics as part of a university program.

Students who have completed an IB Certificate may be eligible to receive transfer credit for higher level subjects completed with a grade of at least 5. Students admitted to the Faculty of Arts and Science (St. George Campus) and the University of Toronto at Mississauga may forfeit transfer credit received for IB higher level subjects if they so choose.

The University of Waterloo

The University of Waterloo accepts the International Baccalaureate (IB) Diploma as a basis of admission to first-year undergraduate studies. An overall grade total of 28, excluding "extra" Diploma points, is the minimum required for consideration. More competitive programs generally require higher minimum grade totals. Subjects which are prerequisites for admission to specific programs should be at the Higher Level wherever possible. Where there are more than three prerequisite subjects, Standard Level courses will be accepted. For Engineering and Science, Higher Level Mathematics is strongly recommended. For Engineering and Software Engineering, Higher Level Physics is also recommended. For Mathematics and Software Engineering, Higher Level Mathematics is required. In Architecture, Arts, and Environmental Studies, a minimum grade of 5 must be attained in either a Standard or Higher Level English.

Applicants who have completed IB courses or the full IB Diploma program and who are admitted to programs in the Faculties of Applied Health Sciences, Arts, Environmental Studies, Mathematics, Science or the Architecture program will be considered for transfer credit for Higher Level courses in which normally a minimum final grade of 5 is attained. In addition, transfer credit will be considered if both the Theory of Knowledge and the Extended Essay are completed with a minimum grade of B (Good).

U.K UNIVERSITIES

Bournemouth University

For HND courses offered by Bournemouth University, a student would usually be expected to offer an IB Diploma of 24 points. For degrees such as Engineering, Information Technology and some Catering degrees, 26 points would be required, whilst for more popular courses such as Business Studies or Media Production, between 30 and 34 points would be required.

Brunel University

Brunel is always pleased to consider applicants with the International Baccalaureate Diploma and they have a leaflet specifically setting out their IB requirements for individual courses. This can be obtained directly from the university. Offers will usually be made on a total points score and these may vary between courses, with a range of 26-30 points, and in some cases a special subject requirement. Offers may also be subject

Cardiff University

The General Entry Requirements of the University states: "In order to embark upon a programme of study for an initial degree, a candidate must satisfy the appropriate Admissions Tutor that the necessary academic standard has been achieved to enable him/her to commence study on the degree programme applied for." Therefore, the responsibility for deciding on entry qualifications resides with the individual Admissions Tutors, and requirements may vary from course to course.

In more general terms the University does welcome applications from International Baccalaureate students, and advise tutors that as a general guide a total points score of 33 would be required for courses that ask for ABB at A level, or a total points score of 30 for BBC at A level. Some courses may require individual scores of 5 or 6 in specified subjects at Higher Level.

Kingston University

Kingston University accepts the International Baccalaureate as an admissions qualification. Offers may vary from faculty to faculty but are usually in the range of 24-30 points. Further details regarding individual faculty requirements can be obtained from this university.

The London School of Economics and Political Science

The London School of Economics and Political Science has for many years welcomed applicants offering the International Baccalaureate Diploma. Candidates who are made an offer of admission must obtain the full Diploma and in addition are

often asked to achieve 6,6,6 or in some circumstances 7,6,6 in the Higher Level papers.

However, if a candidate does not quite meet the conditions of the offer, the selectors will also look at the grades obtained in the Standard Level subject

The Middlesex University

The Middlesex University is pleased to accept applicants with the International Baccalaureate Diploma. The full Diploma is the minimum standard for degree entry and offers range from 24-32 points depending on the subject applied for. Full information is published in University and College Entrance (UCAS). Prospective applicants are welcome to telephone for advice.

Oxford University

Oxford University welcomes applications from International Baccalaureate students. Admission is, however, extremely competitive and in general IB candidates should have, or expect to achieve, a total score of 38 points or better, with 6s and 7s in subjects offered at the Higher Level. May 2003

Royal Holloway, University of London

Royal Holloway, University of London recognises the International Baccalaureate provided that students are awarded the Diploma. Individual cases are considered on their own merits, but the minimum points score acceptable is 28 points. Individual offers will nearly always be in the range 30-36 points - e.g. 30 points for Biology or Geology, 32 points for European Studies (with a 5 in the main language), 34 points or more for Drama, Theatre and Media Arts and English, and 36 points for Economics.

The University of Cambridge

The International Baccalaureate is highly regarded by Admissions Tutors at Cambridge University for entry to all subjects. Candidates should expect to reach an overall score in the range of 36-40 to stand a realistic chance of acceptance, normally with 6s and 7s in the Higher Level subjects. Applicants for some subjects, particularly Sciences, may have 7s specified in Higher Level subjects where appropriate.

The University of Edinburgh

The University of Edinburgh welcomes applications from candidates offering the International Baccalaureate. The University normally requires the award of the full IB diploma. Minimum entry requirements vary across the Colleges.

The minimum entry requirement for the College of Humanities and Social Science ranges between 32-34 points overall with 555 at HL in specified subjects.

For the College of Science and Engineering the minimum entry requirement is 30 points overall with grade 5 at HL in any required subjects (as specified in the undergraduate prospectus).

For the College of Medicine and Veterinary Medicine, requirements vary according to the subject applied to. For the MBChB programme we require 37 points overall including 667 at HL in Chemistry and preferably two other subjects. For the BVM&S programme the minimum requirement is 36 points overall with 666 at HL to include Biology, Chemistry and either Maths or Physics. Candidates should note that some subject areas within the University are extremely popular and we receive many more applications than we have places available. For these subjects attainment of the minimum entry requirements does not guarantee an offer of admission

The University of Buckingham

The University of Buckingham is pleased to accept applications from students following the International Baccalaureate Diploma programme. Applications are looked at individually, but normally a student would be expected to achieve 26 points.

Scholarships: Scholarships are available to students achieving a minimum of 30 points in the IB

University of Essex

The International Baccalaureate is viewed in a very positive manner because of the diversity and depth the qualification provides. The broad nature of the IB is particularly suited to the degree structure at Essex, which encourages and promotes a multidisciplinary first year, as well as offering a wide range of subject combinations with Modern Languages (French, German, Spanish, Russian, Italian, Portuguese and Modern Greek).

The requirement for entry is the award of the full Diploma at a minimum of 28 points, with 10 or 11 points from two Higher Level subjects. More popular degree schemes will require higher points eg. Law 32 points, English and European Literature 30 points.

The University of Kent at Canterbury

The University of Kent at Canterbury welcomes applications from International Baccalaureate candidates. Their offers vary between 26 points, with a minimum of 12 at Higher Level, to 34, with a minimum of 16, depending on the chosen course. Occasionally a specific figure for a Higher Level subject such as Mathematics or French is stipulated, if the student is intending to study the relevant subject at university. They might commonly require passes (4's) in English (Higher or Standard) and often Mathematics for the purposes of satisfying general entry requirements.

The University of York

The University of York is happy to consider applications from candidates who offer the International Baccalaureate and regards it positively as preparation for entry to undergraduate courses. Students will normally be expected to obtain the Diploma with three subjects at Higher Level appropriate to the course for which application has been made. The typical offer for students taking the IB is given on the title page of each departmental entry in the Undergraduate Prospectus.
