Summer Booklet for 10 IB
2016-2017

Due Date: 1st Week of School

PLEASE START WITH THESE DIRECTIONS

Dear students,

Next year will be a challenging one in terms of work. You will have to demonstrate both your analytical and research skills.

In order to be ready for the 11th grade ToK course and assessments, you need to complete the following booklet throughout the summer holidays, at your own pace.

For each AoK or WoK, you will give an overview/definition of the topic (in ToK terms) as well as one real-life situation to illustrate your point(s). You can use your course book for the overview but you will need to find real-life situations from your own personal knowledge and shared knowledge. **For example: For the topic of Ethics, first, you will write a comprehensive overview of the AOK. Second, you will find a real-life situation related to something that you have understood about the topic. Third, you will give an overview of the real-life situation and explain in detail how it relates to the topic. Finally, you will extract a knowledge question from that real-life situation and write it on the worksheet.**

I have included a checklist to make sure that you do not miss any part of this assignment. Please make sure all parts are completed and ready to turn in the first week of school. While doing this, if you have any questions, please email me and I will be happy to help. Attach extra paper if needed.

Good luck!
